V. Centerville Specific Plan Fee

On September 14, 1993 the City Council adopted the Centerville Specific Plan. The Plan contains land use circulation, historic preservation, and open space goals and regulations, as well as design guidelines and a program of public improvements. As enabled by state law, the Plan also describes a Specific Plan Fee which would help to defray the cost of plan preparation. The fee which is applicable only in subareas 1, 4, 5, 7, 8 and 11 of the Plan area is imposed on all new construction except rebuilding or additions to single family homes and minor additions to commercial uses.

Developers would benefit from the Specific Plan by reduced environmental assessment costs (in that development consistent with the Specific Plan would be covered by the project EIR) and faster review of some land use changes (for example, changes to residential development in subareas 5, 7, and 11 would require a Planned District application rather than a General Plan amendment).

The fee varies between subareas based on the amount of staff and consultant time spent on each subarea as follows:

Subareas 1, 5, and 7	\$2,985/acre of site
Subareas 4, 8, and 11	\$175/acre of site

W. Cost for Surveys and Reports

Records research fee per each 20 minutes of staff assistance	\$15.00*
